MEMORANDUM FOR : OGC/DPD

SUBJECT : Interdepartmental Transfer of Equipment

1. During the course of our many dealings with the Services there may have been occasions when an interdepartmental transfer of equipment would have been to our advantage. I suspect that if we had a better grasp of the ground rules regulating such transfers we might invoke their rulings rather than follow our normal course of "service procurement" which always leaves us with a healthy bill.

2. Because of my unfamiliarity with this subject I would like to have you run down the details involved in the transfers and an opinion stating when and how we could employ them to our advantage.

3. I realize that such an exercise will add considerably to your overloaded schedule, however, if we could look to even a slight change of some dollar savings it would be well worth the effort.
